- Video and Photo Editing

EXPERIENCE

2025

P21 SISTEMAS

PRESENT

- **Modernized legacy PHP architecture (v5.6 to 8.2)**, ensuring security compliance and system stability while implementing **PSR standards** and Clean Code principles.
- **Optimized code quality** by integrating **SonarQube** into the development workflow, reducing technical debt and improving long-term maintainability.
- **Drove project delivery** within an Agile (Scrum/Kanban) framework, actively contributing to OKR alignment and cross-functional remote collaboration.

2023

Departamento Nacional de Infraestrutura de Transportes - STRATA | G4F

2 YEARS

- **Architected and maintained critical government systems** for financial control, ensuring high data integrity and reporting accuracy for large-scale monitoring projects.
- **Bridged the gap between business and tech** by translating complex stakeholder requirements into high-performance features using PHP, SQL, and jQuery.
- **Enhanced system usability** by leading the prototyping and implementation of modern UI features within legacy environments, improving internal workflow efficiency.

2022

Aterapia ONLINE PSYCHOTHERAPY

1 YEAR

- **Designed end-to-end user journeys** and high-fidelity wireframes in **Figma**, resulting in a more intuitive navigation flow for mental health patients and therapists.
- **Ensured technical feasibility of complex UI designs** by collaborating closely with the engineering team, streamlining the transition from prototype to production.

2016

Cozinha da Xuxu Restaurant

5 YEARS

- **Scaled digital brand presence** over an 8-year period, managing all visual identity, social media strategy, and marketing assets to drive customer engagement.
- **Streamlined business operations** by organizing internal databases and providing web support, ensuring 100% uptime for digital customer touchpoints.

SOCIAL PROJECTS

- **CHURCH BAPTIST FILADELPHIA:** Youth Leadership and Educational Support in church-based social projects.
- **HOLYTECH PROJECTS:** Startup focused on modern solutions, helping the missionary area.
